

Trade in your old Scanner and receive 20% off of our new line of scanners!

Your faithful old scanners have worked hard over the past 10 to 20 years. Perhaps it's time to think about their retirement and replacing them with our new line of Data Proof Low Thermal Scanners. For a limited time, receive up to a 20% discount on the purchase price of a new 160B or 320B Low Thermal scanner with your trade in.

All scanners now supplied with a 5 volt external switching power supply.

160B, 320B Specifications:
